Seguin, entitled his talk, "Collecting Maine Books: The Dangerous Hobby." It was "dangerous," he said since there were over 50,000 titles available and any collector is immediately confronted with the twin problems of space and cost. Seguin also mentioned the danger of asking too many dealers for a particular book thereby creating a demand which raises the price. In spite of the hazards Seguin told his audience there existed many opportunities for Maine book collectors whether it be in the fields of fiction, history, cook books, registers or guide books. Caution, however, is always in order as to selection and acquisition. Refreshments followed the meeting.

S. A. D. #44 BOARD MEETS GIVES TENTATIVE APPROVAL OF FY78 EXPENDITURES

The board of directors of M. S. A. D. #44 met on Monday evening April 11, in the Library at Telstar Regional High School.

The directors gave tentative approval to fiscal year 1978 expenditures of \$2,264,300. This is an increase of \$117,892 or about 5.5% more than was approved a year ago. Final budget approval will have to await school funding decisions by the Maine Legislature.

During board member comments, Eva Twitchell of Woodstock requested that the schools become better partners with the public and attempt to find ways of improving communications so that the public will feel encouraged to visit the schools. She expressed concern that derogatory remarks seem to emanate both from district personnel and the public and that such were not in the best interest of the School District.

Arnold Jordan of Greenwood requested information on how Driver Education Students are selected at Telstar. Concern was expressed that inequities appear to exist and requested that the selection process be made clear to all.

Negotiations Committee Chairman Harry Swan of Greenwood reported that mediation with the American Federation of State, County and Municipal Employees (Bus Drivers, Custodians and Cafeteria workers) had been scheduled for Monday, April 18.

Reporting for the Extra-Curricular Committee, Supt. Kenneth Smith said that the committee had reviewed proposed athletic activities for fiscal year 1978 and had agreed to adopt a list which is in part designed to comply with Title IX—providing both boys and girls with an equal number of activities. Also a recommended number of contests for each sport was adopted.

Personnel Committee Chairman Margaret Wright of Newry stated that the committee had reviewed the process for selecting the new principal of Telstar Regional High School. Mrs. Wright indicated that on April 28, 29 and 30, candidates would be interviewed by the committee and the superintendent, and that all members of the board of directors were invited if they care to be present. She also reviewed the recent meeting that Mr. Smith called for FY78 special services, and indicated that emphasis will be on itinerant teachers as opposed to resources rooms and that the approach would spread existing personnel throughout the school system. Presently only the Crescent Park School and Telstar have special education teachers and this is considered to be an inequity and not in concert with the Special Education Laws.

Mr. Smith distributed copies of a proposed legislative act that would dissolve Vocational Region 9 and establish a Vocational Center to serve Northern Oxford County. He indicated that he was personally opposed to the act because a center concept would reduce the S. A. D. #44 to an advisory roll and would possibly be a disservice to vocational students in the S. A. D. #44 area.

The board approved 63 salary agreements for 1977-78 of staff personnel currently on continuing contract in S. A. D. #44. Also approved were 16 continuing contracts for those completing probationary status. Six members of the professional staff were approved for second probationary contracts.

The superintendent was authorized to issue salary agreements and contracts subject to appropriate adjustments following conclusion of negotiations for the 1977-78 bargaining agreement with the Telstar Educators Association.

It was the decision of the board to change the date of the next board meeting from April 18 to Monday, April 25, at the Andover Elementary School.

The low bid of Citizen Printers Inc. to print the annual district report at a cost of \$748 was accepted. A bid of \$866.50 was also received from Onyx Printing Co., South Woodstock.

The date of Monday evening, May 23, at 7:30, was set for the Annual District Budget Meeting to be held at the Telstar Auditorium.

Board members absent Monday evening were: Trudy Akers, Gerald Schachter, Andover; Frances Gunther, Bethel; Andrew Hinkley, Woodstock.

The Assessors have nearly completed listing of property and expect to start work on valuations this week. The Town had new tax maps last summer and these are being used for the first time this year. Several discrepancies have been found in acreage given in the tax maps and that given on the books formerly used. After listing has been completed a representative of the tax mapping company will be asked to meet with the assessors to discuss this and taxpayers whose acreage differs from that which has been used in the past will be given a chance to discuss their acreage. Several new parcels have been placed under Tree Growth this year, and this will mean a substantial loss in valuation. The Selectmen have been notified that there will be a Public Hearing on L. D. 1129, April 20, at 1:30 p. m., a bill introduced by Rep. Karen L. Brown, Bethel, concerning reimbursement to

municipalities under the Tree Growth Tax Law. Under the present law reimbursement for loss under this law is made sometime 90 days after the first regular session of the Legislature adjourns. Reimbursement for the loss on 1975 and 1976 taxes is due late in 1977. Under Rep. Brown's bill, municipalities could be reimbursed for 75% of their loss 90 days after the first of July in the year in which the loss occurs. This would mean that municipalities would have the money to use one to two years sooner than under the present bill. Municipalities are to be reimbursed for 90% of the loss based on 1972 taxes. Newry's actual loss for the two years, 1975 and 1976 is \$17,775. Due to the increase in taxes since 1972 this reimbursement is much less than 90% of the actual loss, which is \$31,050. The increase in taxes since 1972 brings the refund to only about 58% of the actual loss, not the 90% called for in the bill. Loss under the Tree Growth in 1976, made an increase of approximately 25% in property not under Tree Growth, thus placing an extra burden on low income homeowners.

Shopping is a trading time. Almost everyone has either a new car or a different one at least or a new pickup truck. It's hard to recognize people going by.

On Wednesday, April 6, the Ladies Aid of the First Congregational Church of Andover met at the Christian Education Building at 1:30 p. m. Work is being done on a large Bicentennial type patch, work quilt that is on order. A supply of yarn for our knitting project was donated by Violet to Mrs. Jessie Simmons, Merton Fox, Graydon Campbell and Karen Sauret. Refreshments were served by Millie Hodson and Evelyn Wuori. The next meeting will be in two weeks on Wednesday, April 20 at 1:30 p. m. at the Christian Education Building.

The Youth Group of the First Congregational Church presented a very impressive program at the Sunrise Service entitled "Light in the Caves of the Lost". Those taking part in the program were Tim Downs, Tim Tracey, Chris McElmurry, Russell Palmer, Mike

ald White, "He Was Nailed to the Cross." The choir sang "He Was Triumphant". During the Sunday School Hour each child was given a basket of colored candies and a chocolate cross. The colored candles told the Easter Story.

Mr. and Mrs. James Wike of Farmingdale were Thursday visitors of Mrs. Alice Kimball. Also Mrs. Ethel Bean and Amber, spent the day. Mr. and Mrs. Herb Adams and children, Mr. and Mrs. Dave Salway were dinner guests on Sunday. The Beans could not come because of illness of the children.

Mrs. Thelma Merrill, Mrs. Nellie Kilgore of Norway and Mrs. Grace Morrill, West Bethel, were dinner guests Sunday of the William Bancrofts.

Jesse Doyen remains in critical condition at the Rumford hospital. Mr. and Mrs. Hugh Awalt of Augusta, spent a few days the first of this week with her mother, Mrs. Doyen.

Jeremy Scott Barker was born over the week end to Mr. and Mrs. Gordon Barker in Norway. Mrs. Eva Kimball Barker is the paternal grandmother.

Mr. and Mrs. Howard Lapham and Timmie visited his sister in South Waterford Sunday, also a niece and family in Harrison.

Todd and Neil Katz of Metuchen, N. J., spent an overnight recently at the home of their grandmother, Mrs. Marian Lincoln.

On last Friday had eight different varieties of birds at my feeders. What a delight!

The income tax is like a girdle. If you put the wrong figure in it you are apt to get pinched.

Dunn, and Jody Deans. Glen Conrad was narrator and Debbie Briggs, Chris Mills and Kathy Hutchins, were readers.

The choral group was: Thea Tracy, Ann Summerton, Mindy McElmurry, Rhonda Palmer and Karen Swan, accompanied by Ellie Tracy at the piano. Following the Sunrise Service a delicious breakfast of ham, eggs, and muffins, was served in the Christian Education Building by the men of the church.

Ralph Summerton has been in Washington, D. C. this week on business.

—Mrs. Arline Bernier, Corres.—

Fred Judkins saw a rainbow Monday morning after Easter. It was visible for over half an hour extending from one horizon to the other and was an unusual occurrence because there had been no storm for many hours nor was any pending.

The Sunrise Service was very short as the pastor and some others were anxious to get to a warmer spot. The message was as interesting as it was brief and many of us enjoyed being in the crisp, sunny air in such a scenic spot.

About 26 people attended both the service and the pot luck breakfast at the Ladies Aid building. The birds rendered some beautiful music as we walked from one spot to another.

The Viens family spent the holiday in Canada.

The Claude Lavallee family is staying a few days at their camp. Mr. Lavallee has just returned from a trip to Alberta, Canada.

Frank Spinney visited his sister, Elsie Fuller one day last week.

He took her on a shopping trip to Colebrook.

Annie Bernier and boys spent the week end at the Bernier home.

One of the more delightful spectacles this time of year is ice which has formed on trees or slopes, perhaps partially melted into lacy sheets and then twinkling, shining and glistening under sunshine. Sometimes the tumbling, rushing water down ravines on mountain sides is held in suspended motion by a temperature drop and one almost wants to hold his breath waiting for a release.

Six of the eight plants for senior citizens have been delivered. These were donated by the Ladies Aid Society. The other two will be delivered as soon as possible.

Mr. and Mrs. Stubby Poland visited relatives during the week end.

Arline Bernier is holding a paint party in her home Friday the 15th. It is open to all interested persons.

Real Estate

REALTOR

Interest Down - Cost Up

Are you waiting until interest rates drop before you buy a home? Do you think that this will save you money? The home you have your eye on will cost you more in monthly payments two years from now—even if the interest rate drops one percent.

For example, take a home that costs \$40,000. With a 20% down-payment and financed with a 25 year, 9% mortgage, the monthly payment would be \$268.80. But two years from now, if prices keep rising at the average rate, the now \$40,000 home would likely cost \$45,000. If the interest rate decreased to 8% not only would the down payment be \$1,000 more, but the monthly payment

would increase to \$277.99. If the interest rate stayed at 9% the payment would come to \$302.40.

So, it's obvious that the overall value of the home—not the interest rate—makes the biggest impact on your monthly payment. Since there is no indication of property values decreasing, the moral of the story is—Buy now or pay more later.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

STATE OF MAINE HOUSE OF REPRESENTATIVES

Karen L. Brown
The legislature has moved closer
to resolving the Uniform Prop-
erty Tax and school funding is-
sues.

Anti-Uniform Property Tax
forces made another attempt at
repeal with the introduction of
a bill funding education at \$282.9
million and leaving \$12 million for
other programs. The bill placed a
5% sales tax on cigarettes and a
\$23 million excise tax on the Wis-
consin nuclear power plant to
make up for the money lost with
repeal and the attendant loss of
"pay-in" from high valuation com-
munities. Communities could have
received state aid according to their
ability to raise enough money to
meet a state established mini-
mum per-pupil standard using a
local 11.66 mill rate with an op-
tion to spend less than state stan-
dards. The bill went to defeat
112 to 86.

The Maine Municipal Associa-
tion authored the one remaining
U. P. T. repeal bill, linking re-
peal with full reimbursement to
municipalities of the \$14.2 million
they lose this year with the re-
peal of the inventory tax. This is
given little chance of passage as
the sentiment generally is to let
the U. P. T. issue go to the voters
in a referendum this fall.

In 1973 the 106th Legislature en-
acted a law to abolish the mill
rate tax on business inventories,
with the exemption scheduled to
take effect at the end of the cur-
rent year, March 31, 1977. At
the same time, the 106th made a
commitment to annually reim-
burse communities at the 1973 lev-
el for \$14.2 million in revenues
lost as a result of repeal of the
inventory tax.

Legislators are generally agreed
that this year at least, we have
to honor the commitment to mu-
nicipalities for full reimbursement
of the \$14.2 million. Legislative
leaders from both parties are
meeting in an attempt to come
up with an understanding of the
school funding level and inventory
tax reimbursement in order that
Legislators may have an idea of
what will be available for inven-
tory tax reimbursement once they
have voted on a school funding
level.

There is a lot of feeling that
while we have a commitment to
full reimbursement this year, with
less than a month to go for the
establishment of local budgets,
that for the future we should con-
sider some kind of phase-out of re-
imbursement. To reimburse com-
munities at the 1973 level,
when many of them have seen
a marked decline or increase in
their business inventories, when
their income from the Local Gov-
ernment Fund (4% of the State
Sales and State Personal and Cor-
porate Income Tax) is constantly

growing, does not make sense to
many lawmakers.

One suggested plan would be
100% reimbursement this fiscal
year, 80% in the next fiscal year,
then 60%, 40%, 20% and out in
succeeding years.

Many representatives of the
business community testified at a
public hearing Wednesday against
any reimbursement plan involving
even a partial reinstitution of the
inventory tax. Robert Remy, chair-
man of the Maine Chamber of
Commerce, spoke for businessmen
who feel that the \$35 million in
increased corporate income taxes
they have paid since 1973 in re-
turn for repeal have been wasted;
Remy questioned why this money,
revenue from the 1% increase in
the corporate income tax passed in
1973 to help fund repeal, was
not set aside for reimbursement.

There are some interesting pub-
lic hearings scheduled this week
in Health and Institutional Ser-
vices concerning smoking in state-
owned buildings and at public
meetings. The Public Utilities will
hear a bill designed to structure
electrical rates in a manner simi-
lar to the "time of day" rates
now used by the telephone com-
pany. Appropriations will dis-
cuss an act to appropriate funds
for Maine Health Systems Agency
to guarantee that quality health
services are available to all Maine
people at reasonable costs.

On April 19 L. D. 766, An Act
to Establish a Bounty on North-
eastern Coyote will be presented
at a second public hearing. The
Fisheries and Wildlife Committee
wishes to provide another oppor-
tunity for citizens to testify.

If anyone would like a list of
the complete public hearings
schedule or copies of any legisla-
tion, I will be happy to mail
either to them: Just drop me a
note at the State House, Box 17,
Augusta, Maine 04333.

Mr. and Mrs. Norman Greig have
recently moved from Lewiston to
their home on Main Street, Bethel.

Mr. and Mrs. Michael Tibbets,
Michael and Eric, Auburn, spent
the week end with his parents,
Mr. and Mrs. E. K. Tibbets. On
Sunday, Eric Nelson Tibbets was
baptized during Easter services
at the United Methodist Church.

Letters to the Editor

Dear Sir:

We as seniors are concerned
about our shortage of guidance
counseling at Telstar. The main
reason for our concern is that one
counselor cannot properly meet
the needs of six hundred students.

It's an impossible task. As seniors
we feel that the students in years
to come should have the opportu-
nity for more assistance in
guidance counseling and aid in
choosing schools for post-secondary
education before they become
Seniors. This would better benefit
the underclass men and the school
as a whole.

Dear Mr. Editor:

To the Citizens of the Bethel
Area: I would like to take this
opportunity to thank all those who
waited patiently for their copies
of the new area history, "Sunday
River Sketches," while an unex-
pected delay at the printery slow-
ed distribution. Since the book's
appearance, a number of people
within the Bethel-Newry-Sunday
River area have ordered copies,
many as gifts to relatives. Speak-
ing both for myself and the Bethel
Library Association, which holds
the copyright to the book, I would
like to stress the fact that anyone
with ancestry in the Sunday River
region should find Mrs. Wilkins'
book of interest. Therefore, I will
be most happy to send a descrip-
tive flyer of this book to anyone
brought to my attention. Names
and addresses of such people can

be left with the Librarian at the
Bethel Library or sent to me in
care of Androscoquin Publications,
509 Crescent Ave., Rumford, Me.

With thanks,
Randy L. Bennett

Dear Sir:

A Letter of Commendation
This is to publicly commend
Ross Swan, our "Citizen" paper
boy here in Locke Mills. His hon-
esty is outstanding and in my
opinion, deserves special acknow-
ledgement.

On Thursday, April 7, as is our
usual practice, I left the money
for the paper in our newspaper
box, awaiting his delivery which
is always prompt. Think of our
surprise when our door-bell rang
that evening only to be greeted
by Ross with the paper in one
hand and twenty cents refund in
the other!

By mistake, I had left a quarter
and a dime in the box rather than
a dime and a nickel. This fine
young man did not hesitate a
moment to return the change
(which, frankly, I would not have
missed due to the fact I thought
I had put the proper amount out
for him).

In our opinion, he is certainly a
fine example for all to note.

Sincerely yours,
Anthony R. Stone

CUB SCOUT FATHER - SON CAKE BAKE - AUCTION, APR. 29

On Tuesday, April 29, the Cubs and Dads of Pack 566 will hold their annual public cake contest and auction at the Bethel Savings Bank at 7 p. m. This year the theme is transportation and the cakes will illustrate a wide variety of all forms, from rockets, jets, planes, kites, trains, trucks, cars, running, walking and who knows what. The cakes will be judged prior to the auction and prizes will be awarded for the most original, best design, funniest and tallest.

The contest rules are simple: 1. The cake must be baked and decorated by the Cub with minimal assistance from his Dad or other member of his family. 2. All decorations, supports and every thing must be edible. 3. The cake will be auctioned off by the Cub and his Dad after the judging, to the highest bidder.

The proceeds from the sale will enable the Cubs to attend camp for their overnights in July. The public is invited to this most colorful and fun evening. So come and walk away with a cake. Not only will you be helping young boys attend camp but you'll get some mighty good eating besides.

Greenwood City

— Mrs. Collista Morgan, Corres. —

Last week we were saying, "Hello, I know you. You are Spring!" The wind smelled of adventure; moist from rain and yet warm with sunshine. We were wiping away the cobwebs of a long cold winter. We were remembering a little green patch of grass, under an old tree, on the shore of some childhood pond, as more precious than all other material things men spent a life time and their health striving for. We dreamed of the last snow, even in the woods, gone.

I may have been like the robins; a too early believer in springtime. The signs were there, marching ahead a complete stride. Then what happened? Nature pursued her own pattern of April, turned and march back two complete strides.

However I have been out to walk on most of the days. The roads will never end out in the hills. They lead you to where the shadows play and where there is a waiting silence. I discovered the mountains were more impressive than I had remembered them as a background beyond the dark waters.

Near the swamp it was misty with the tender coloring of April buds. The red-winged blackbirds didn't mind the cold for their "Okalee" came from near the Sanborn River.

The ducks, called in deep voices and they certainly weren't nightingales; but a beautiful motion as their slaty dark bodies moved and they gabbled. Why they came and how they know where to find food and rest, I wonder about. Perhaps their message is "Believe in spring!"

I've chased the winds to the top of the hill where they MORE than whispered in the listening sky. In places I caught the sun where it was sheltered and the air was still. There were gentle lines of water that seemed to be flowing nowhere in particular. This encourages the tangle of growth of alders. Upward I climbed to look at the varied view under a canopy of gray or blue.

So I have turned from the highway to share secrets in small places, above the listening earth. It's a gentle stirring, deep inside, that insists you walk instead of ride.

I again dream of tomorrow with

Once they've learned to tell time, they deserve a real watch. Caravelle by Bulova.

Caravelle's "Student" is a great first watch for boy or girl. It has a precision jeweled movement. Unbreakable night lighting. Full numerical dial. A youth-sized strap. It's a watch a kid can read. And can't overwind. A very grown-up watch at a youngster price.
